

March 12, 2012

To whom it may concern:

Pursuant to section 2.933 of the Commission's rules, HME Wireless, Inc. herein requests a change in equipment identification to the following device:

Original FCC ID: UL3PT100

Original Grant Date: February 24, 2012.

HME Wireless, Inc. is requesting the change in identification resulting from an OEM agreement with the original grantee. The equipment bearing the modified identification remains electrically and physically identical to that of the original filing, with no additional changes. The guest tag remains electrically identical to that of the original filing. The guest tag performs the same basic functionality and intended usage, but will be contained in a minimally different housing.

The original test results for the device continue to be representative of and applicable to the equipment bearing the changed identification.

Additionally, as mentioned in the TrackSmart user manual, the Gateway referenced complies with 47 CFR 15.249 and will bear the FCC identified: UL3G100A.

Sincerely,

A handwritten signature in black ink, appearing to read "Sal Veni", is written over a horizontal line.

Sal Veni  
Vice President / General Manager  
HME Wireless, Inc.
